01 / EXECUTIVE CAPABILITY STATEMENT

BUILT FOR THE MISSION

Frontier protects people, facilities, assets, and continuity of operations through trained personnel, field supervision, and direct executive oversight.

MISSION

Security support aligned to each client environment, scope, risk profile, command structure, and reporting requirement.

ARMED & UNARMED SECURITY

Mission-specific guard programs combining fixed posts, mobile patrols, access control, screening, visible deterrence, incident response, documented reporting, and active field supervision.

EXECUTIVE PROTECTION

Risk-informed protective support built around intelligence, advance work, route and venue coordination, secure movement, discreet access control, contingency planning, and incident documentation.

FEDERAL & DETENTION SUPPORT

Contract-aligned personnel for custody support, controlled movement, secure escorts, detainee accountability, control-room functions, evidence preservation, reporting, and command integration.

DISASTER RESPONSE

Scalable security and operational support for temporary sites, distribution points, shelters, staging areas, base camps, logistics hubs, equipment protection, transportation, surge, and recovery.

FACILITY & PRIVATE SECURITY

Tailored protection for offices, industrial and logistics sites, construction projects, events, restricted areas, high-value assets, and sensitive private-client environments.

PLANNING & QUALITY CONTROL

Site assessments, post orders, mobilization plans, emergency procedures, scheduling controls, field inspections, escalation paths, corrective action, and executive performance oversight.

02 / EXECUTIVE CAPABILITY STATEMENT

PROTECTION THAT FITS THE RISK

Armed, unarmed, blended, and low-profile protective services configured to the assignment.

GUARD FORCE SERVICES

Professional officers matched to the post and applicable requirements. Programs may include fixed posts, access control, credentialing, patrols, visible deterrence, incident escalation, and documented reporting.

EXECUTIVE PROTECTION

Protective support may include intelligence, advance work, route and venue coordination, secure movement, executive or event access control, incident response, and investigative documentation.

OPERATING STANDARD

ASSESS

Mission, risk, site, itinerary.

PLAN

Posts, routes, access, contingencies.

DEPLOY

Verified personnel and clear direction.

SUPERVISE

Attendance, field checks, escalation.

REPORT

Activity, incidents, corrective action.

PERSONNEL & PERFORMANCE CONTROLS

Relevant military, law-enforcement, corrections, or protective-service backgrounds are prioritized. Licenses, qualifications, and suitability are matched to the assignment, supported by post orders, active supervision, incident reporting, and quality review.
